Perum. Puri Indah Sari H.74 Kec. Cikancung Kab. Bandung

Informatics Engineering graduate with hands-on experience in full-stack development, software engineering, and Odoo ERP customization. Skilled in Python, JavaScript, TypeScript, database management, RESTful API development, and custom Odoo addon development. Experienced in building web applications, implementing inventory and manufacturing workflows, and automating business processes using Odoo ORM and PostgreSQL. Also experienced in technical mentoring as a Laboratory Assistant, with strong problem-solving skills and a commitment to continuous learning.

## Education

**STMIK Mardira Indonesia - Bandung, Indonesia** Aug 2022 - Oct 2026

*Bachelor of Informatics Engineering, 3.85/4.00*

- Served as a Teaching, Laboratory, and Practical Class Assistant for Web Programming courses.
- Bachelor's Thesis: YOLOv8-Nano Optimization via Knowledge Distillation for Driver Drowsiness Detection on Android — Defense Grade: A.

**MA Arrohman - Majalaya, Indonesia** Mar 2019 - Apr 2022

*High School Diploma in IPS*

- Actively involved in various extracurricular activities and student organizations during high school.

## Experience

**PT. Ruang Raya Indonesia - Ruangguru - Bandung (Hybrid)** Jun 2025 - Present

*Master Teacher - Part-Time*

- Taught programming using MIT App Inventor and Roblox Studio to middle school students, and Python to high school students.
- Served as a judge in the semifinal of Ruangguru Code Fest, evaluating participants from the Bandung region in a nationwide coding competition.

**PT. Winnicode Garuda Indonesia - Bandung (Remote)** Sep 2025 - Jan 2026

*Fullstack Developer - Internship*

- Built a news platform using Next.js 14, React, TypeScript, and Tailwind CSS, with authentication and interactive features.
- Integrated MongoDB, Mongoose, and AWS S3 for data and media storage; deployed on Vercel using GitHub for version control.

**PT. Ruang Raya Indonesia - Ruangguru - Jakarta (Remote)** Sep 2024 - Dec 2024

*Fullstack & AI Developer - Internship*

- Developed web applications using ReactJS and Golang, with RESTful APIs, authentication, and CRUD using Gin and PostgreSQL.
- Integrated Hugging Face AI models (NLP-Helsinki, Tapas, Phi-4) into Golang-based systems.
- Collaborated in an agile team using Git; tested apps with Postman, Firebase, and json-server.

**STMIK Mardira Indonesia - Bandung (Offline)** Aug 2023 - Aug 2024

*Assistant Lecturer - Part-Time*

- Assisted Web Programming lab sessions covering JavaScript, PHP, and Laravel, including learning materials preparation and student assessment.
- Supported IoT lab activities involving ESP8266, sensors, and data communication.

## Projects

**Textile Manufacturing ERP - STMIK Mardira Indonesia** Jun 2026

*Odoo Developer Training*

- Developed a textile ERP using Odoo 19, Python, PostgreSQL, and Docker.
- Built 4 custom addons for inventory, manufacturing, and quality control.
- Implemented roll tracking, QC workflows, and traceability; achieved 41 passing unit tests and 32 integration test steps.

**Decision Support System News - STMIK Mardira Indonesia** Dec 2025

*Fullstack Developer Training*

- Developed an age-based news recommendation system using Next.js 15, React 19, TypeScript, and Tailwind CSS.
- Built a Go, Gin, and Supabase (PostgreSQL) backend for Profile Matching and RESTful APIs.
- Deployed frontend on Vercel and backend on Render.

**KabarLokal - Regional News & Community Portal - PT. Winnicode Garuda Indonesia** Jan 2026

*Fullstack Developer Intern*

- Developed a full-stack news platform using Next.js 14, React, TypeScript, and Tailwind CSS.
- Implemented Google OAuth, JWT, MongoDB, Mongoose, AWS S3, and interactive news mapping.
- Deployed on Vercel and managed code using GitHub.

## Skills

---

- **Soft Skills** 🧠: Problem Solving, Critical Thinking, Analytical Thinking, Communication, Teamwork, Collaboration, Adaptability, Time Management, Attention to Detail, Continuous Learning, Technical Documentation, Leadership, Mentoring.
- **Hard Skills** 🧠: Full-Stack Development, ERP Development, Custom Module Development, RESTful API Development, Database Design, System Integration, Software Testing, Unit Testing, Integration Testing, Authentication & Authorization, Inventory Management, Manufacturing Resource Planning (MRP), Quality Control, Agile Development, Microservices, Cloud Deployment.
- **Programming Skills** 🧠: Python, JavaScript, TypeScript, Go (Golang), SQL, XML, HTML, CSS, Odoo 19, Odoo ORM, Next.js, React, Gin, Tailwind CSS, PostgreSQL, MongoDB, Supabase, Git, GitHub, Docker, Docker Compose, Vercel, Render, AWS S3, JWT, Google OAuth, Mongoose, RESTful APIs, YOLOv8, Knowledge Distillation, Deep Learning, Computer Vision, TensorFlow Lite.
